OUR HISTORY

PackTec has over 23 years of experience in which our Company grew and adapted to new technological developments and ideas.

On a global scale, our company has been identified as innovative and creative while sustaining high levels of quality.

Through our vast and most current production lines, we are identified as pioneers in the Egyptian market in producing paper bags.

Our dominant market place has led to a significant impact on the overall company and was a motivational factor for us to expand accountably while maintaining our high quality standards.

OUR VALUES

We believe that real value does not come from a supplier, It comes from a partner.

OUR PARTNERS IN SUCCESS

Long Term
SATISFACTION...

Environmental
Responsibility...

Pack-tec recognizes the importance of conserving earth's natural resources to protect the planet.

We believe that integrated actions taken within its operation to conserve natural resources and protect the environment, makes sound business more eco friendly.

Our environmental policy aims at minimizing the impact to the environment in the definition, design, manufacture, support, and use of our products by reusing, recycling, and adopting processes that conserve raw materials, energy, and water.

WHY? EGYPT

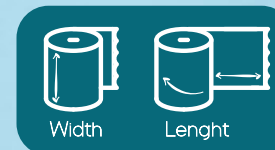

- The unique geographical location places Egypt as close to several markets across the globe: African, European & Asian.
- The current innovation of the Suez Canal ultimately links Africa, Europe, and Arab Gulf regions. therefore, minimizes transit time.
- Egypt is a member in international agreements such as EURO1, FORM A, COMESA, and League Of Arab States Certificate Of Origin which minimize the customs to the lowest level and in some cases gives zero customs.
- Low Labor Energy Cost.
